

Jackie du Plessis
It's Fine-ally Finished
Tribute Workbox
Friday, July 8th - Saturday, July 9th, 2022

Sassy Jacks Stitchery is thrilled to bring Jackie du Plessis of *It's Fine-ally Finished* back this year for some fabulous workshops! All of Jackie's workshops are truly amazing opportunities, and we do our best at Sassy Jacks to make it an experience you will want to return for every chance you get. This year we are launching our Sassafras School of Stitchery with Jackie, and you will be our inaugural class! We will finally have our new shop space open at the wonderful Zebulon H. Baird House in Woodfin, NC. I just can't think of a reason you wouldn't want to join us!

You asked us to bring you the beautiful Tribute Workbox, and we heard you! The workshop fee for the Tribute Workbox is \$300 with a non-refundable deposit of \$100 due at registration. There are some optional "Tiniest Things" accessories and scrimshaw items (pictured below) available for order once you are registered for the workshop. The cost for the Tiniest Things kit is \$95. Scrimshaw prices are stated on the form below.

We will host the workshop at the Fairfield Inn in Weaverville, NC, just three miles from our shop space. You can book your room at the Fairfield, at a bed & breakfast or AirBnB nearby, or at any hotel space in the Asheville area. You can also access our accommodations page on our website for some of our favorite recommendations.

Please feel free to call or email us to submit your registration. Space is limited to 26 students, given Covid-19 spacing restrictions, and we are opening registration to our list of students from 2021 prior to opening for general registration. We will confirm you as quickly as we can.

Jackie and I really hope you will join us! See below for the gorgeous photos.

This functional 3 1/2" square workbox is embroidered with specialty counted thread stitches, worked in hand-dyed and solid silk fibers on a 32ct linen ground. The colors selected are those of an early Autumn morning, when sunlight

brightens nature's beauty in hues of rust, reds, golds, greens, and pretty purples. The 2" high closed workbox opens, once a magnet closure is untied. The workbox's lid showcases a delightful embroidered manor house with a young maiden and her hound strolling in the gardens around a pond filled with black swans.

This box lid folds up and three storage panels fold out to measure 7". These panels are decorated with embroidered long stem flowers and are functional areas to hold your treasures such as scissors, bodkin, and needles in toolbars, in pockets, and with ties.

The workbox's internal area is furnished with embroidered panels for functional storage areas for tools such as counting pins, accordion pull out needle page pocket, waxers, and a pin cushion. There is even a pocket for a treasured thimble.

The complete kit includes all materials needed to stitch and complete the project as described. Instructions will include color charts, diagrams, and step-by-step photo instructions.

Additional accessories will be available for purchase by students in class.
