

Winter Soiree 2024

Bristol Alphabet and Number Sets

For Personalization

Some Notes:

I included two different number sets, one six stitches high and one 7 stitches high.

The one 7 stitches high matches the alphabet height. I used both sets in my personalization, but you can use either or both.

I stitched my personalization over one thread. You can adjust your placement or content to allow yourself room to stitch over two threads if you like.

Kimberly
